INTRODUCTION

On the 90 rolls of this microfilm publication, M1903, are reproduced the previously unfiled records of the Georgia staff offices and subordinate field offices of the Bureau of Refugees, Freedmen, and Abandoned Lands, 1865-1872. These records consist of bound volumes and unbound records, containing materials that include letters and endorsements sent and received, monthly reports, registers of patients, orders and circulars issued and received, and other records relating to freedmen's complaints and contracts. These records are part of the Records of the Bureau of Refugees, Freedmen, and Abandoned Lands, Record Group (RG) 105.

This film series completes the reproduction of all Bureau records created in Georgia between 1865 and 1872. Many of these records were reproduced in 1969 in National Archives Microfilm Publications M798, *Records of the Assistant Commissioner for the State of Georgia, Bureau of Refugees, Freedmen, and Abandoned Lands, 1865-1869*, and M799, *Records of the Superintendent of Education for the State of Georgia, Bureau of Refugees, Freedmen, and Abandoned Lands, 1865-1870*.

HISTORY AND ORGANIZATION

The Bureau of Refugees, Freedmen, and Abandoned Lands, also known as the Freedmen's Bureau, was established in the War Department by an act of Congress on March 3, 1865 (13 Stat. 507). The life of the Bureau was extended twice by acts of July 16, 1866 (14 Stat. 173), and July 6, 1868 (15 Stat. 83). The Bureau was responsible for the supervision and management of all matters relating to refugees and freedmen, and of lands abandoned or seized during the Civil War. In May 1865, President Andrew Johnson appointed Maj. Gen. Oliver Otis Howard as Commissioner of the Bureau, and Howard served in that position until June 30, 1872, when activities of the Bureau were terminated in accordance with an act of June 10, 1872 (17 Stat. 366). While a major part of the Bureau's early activities involved the supervision of abandoned and confiscated property, its mission was to provide relief and help freedmen become self-sufficient. Bureau officials issued rations and clothing, operated hospitals and refugee camps, and supervised labor contracts. In addition, the Bureau managed apprenticeship disputes and complaints, assisted benevolent societies in the establishment of schools, helped freedmen in legalizing marriages entered into during slavery, and provided transportation to refugees and freedmen who were attempting to reunite with their families or relocate to other parts of the country. The Bureau also helped black soldiers, sailors, and their heirs collect bounty claims, pensions, and back pay.

The act of March 3, 1865, authorized the appointment of Assistant Commissioners to aid the Commissioner in supervising the work of the Bureau in the former Confederate states, the border states, and the District of Columbia. While the work performed by Assistant Commissioners in each state was similar, the organizational

structure of staff officers varied from state to state. At various times, the staff could consist of a superintendent of education, an assistant adjutant general, an assistant inspector general, a disbursing officer, a chief medical officer, a chief quartermaster, and a commissary of subsistence. Subordinate to these officers were the assistant superintendents, or subassistant commissioners as they later became known, who commanded the subdistricts.

The Assistant Commissioner corresponded extensively with both his superior in the Washington Bureau headquarters and his subordinate officers in the subdistricts. He prepared reports that he sent to the Commissioner concerning Bureau activities in areas under his jurisdiction, based upon reports submitted to him by the subassistant commissioners and other subordinate staff officers. He also received letters from freedmen, local white citizens, state officials, and other non-Bureau personnel. These letters varied in nature from complaints to applications for jobs in the Bureau. Because the assistant adjutant general handled much of the mail for the Assistant Commissioner's office, letters were often addressed to him instead of to the Assistant Commissioner.

In a circular issued by Commissioner Howard in July 1865, the Assistant Commissioners were instructed to designate one officer in each state to serve as "general Superintendents of Schools." These officials were to "take cognizance of all that is being done to educate refugees and freedmen, secure proper protection to schools and teachers, promote method and efficiency, correspond with the benevolent agencies which are supplying his field, and aid the Assistant Commissioner in making his required reports." In October 1865, a degree of centralized control was established over Bureau educational activities in the states when Rev. John W. Alvord was appointed Inspector of Finances and Schools. In January 1867, Alvord was divested of his financial responsibilities, and he was appointed General Superintendent of Education.

An act of Congress, approved July 25, 1868 (15 Stat. 193), ordered that the Commissioner of the Bureau "shall, on the first day of January next, cause the said bureau to be withdrawn from the several States within which said bureau has acted and its operation shall be discontinued." Consequently, in early 1869, with the exception of the superintendents of education and the claims agents, the Assistant Commissioners and their subordinate officers were withdrawn from the states.

For the next year and a half the Bureau continued to pursue its education work and to process claims. In the summer of 1870, the superintendents of education were withdrawn from the states, and the headquarters staff was greatly reduced. From that time until the Bureau was abolished by an act of Congress approved June 10, 1872 (17 Stat. 366), effective June 30, 1872, the Bureau's functions related almost exclusively to the disposition of claims. The Bureau's records and remaining functions were then transferred to the Freedmen's Branch in the office of the Adjutant General. The records of this branch are among the Bureau's files.

Constrained by limited resources, Southern opposition, and the politics of Reconstruction, the Bureau faced an enormous challenge in its efforts to assist the freedmen and refugees. Its relief efforts, without question, saved thousands of southerners from starvation. Its attempts to assist freedmen to become self-sufficient, to provide public education, administer justice, and, to a lesser degree, to provide land, all worked with varying degrees of success to lessen the difficulties during the transition from slavery to freedom. One of the Bureau's greatest legacies is the body of records it created and received during the course of its operations. These records are arguably some of the most important documents available for the study of the Federal Government's policies, efforts to reconstruct the South, and Southern social history and genealogy.

THE FREEDMEN'S BUREAU IN GEORGIA

Organization

Bvt. Maj. Gen. Rufus Saxton, who had directed the "Port Royal Experiment," was appointed Assistant Commissioner for South Carolina, Georgia, and Florida. Saxton established his headquarters at Beaufort, SC, in June 1865, and assigned Gen. Edward A. Wild the responsibility for Bureau affairs in part of Georgia. In September 1865, after Wild was relieved from duty, the office of Assistant Commissioner for Georgia was established, and Brig. Gen. Davis Tillson was appointed as Acting Assistant Commissioner, with exclusive control of all matters concerning the Bureau in Georgia. Tillson reported to General Saxton in South Carolina until December 1865, when he was ordered to report thereafter directly to Commissioner Howard at Washington. Generally, the records pertaining to Georgia and Florida that were created during this early period are included among those of the Assistant Commissioner of South Carolina.

The organization of the Bureau in Georgia was similar to that of the Bureau headquarters in Washington. The Assistant Commissioner's staff included an assistant adjutant general, an assistant inspector general, a chief quartermaster and disbursing officer, and a superintendent of education. Three officers served as Assistant Commissioner in Georgia between 1865 and 1869 and located the Bureau offices in four different cities during that period. General Tillson first established his headquarters at Augusta in September 1865 but moved it to Savannah in October 1866. Col. Caleb C. Sibley succeeded Tillson as Assistant Commissioner in January 1867, and 2 months later he moved the headquarters from Savannah to Macon. It remained there until July 1867, when the office was transferred to Atlanta. In October 1868, Maj. John R. Lewis replaced Sibley as Assistant Commissioner. Lewis served until the office was discontinued in May 1869. From January to May 1869, Major Lewis combined the duties of Assistant Commissioner, with those of superintendent of education. After the office of the Assistant Commissioner was discontinued, Lewis continued to serve as superintendent of education until May 1870.

The major subordinate field offices for the Bureau in Georgia, for example, included those with headquarters at Albany, Americus, Athens, Atlanta, Augusta, Columbus, Macon, and Savannah. Under the direct supervision of the subassistant commissioners were the civilian and military agents. Occasionally, the Bureau retained military officers in a civilian capacity after the termination of their military service. For a list of selected Georgia subordinate field office personnel and their dates of service, see the Appendix.

Activities

The major activities of the Freedmen's Bureau in Georgia generally resembled those conducted in other states. The Bureau issued rations and provided medical relief to both freedmen and white refugees, supervised labor contracts between planters and freedmen, administered justice, and worked with benevolent societies in the establishment of schools.

When General Davis Tillson took over as Assistant Commissioner for the Freedmen's Bureau in Georgia in September 1865, many of the major cities and towns in the state were troubled with overcrowding, disease, and poverty. In the cities of Macon, Atlanta, Augusta, and Savannah, freedmen and refugees were living in some of the most crowded and deplorable conditions, and many were in dire need of food and clothing, shelter, and medical attention.¹ Convinced, however, that Federal Government relief should be temporary and solely for the needy, General Tillson issued an order on October 3, 1865, prohibiting the distribution of rations to freedmen and refugees who were able-bodied but refused work. To discourage idleness and dependency, Tillson further ordered that only those persons who were able to provide for themselves would be allowed to remain in the towns and cities. Those who desired to stay, said Tillson, "must be compelled, if necessary, to go to the country and accept places of labor found by themselves, or for them, by officers or agents of the Bureau."²

Tillson's orders were strictly enforced. One month after his pronouncement, rations issued in Savannah had been reduced from 120,000 to 60,000 per month. For the month of June of 1866, the number of rations issued for the entire State of Georgia totaled less than 20,000. However, in spite of the Bureau's "self-help" policy, limited resources, and the belief that local governments should play a greater role in providing relief for the destitute, the Georgia Bureau issued some 847,669 rations from June 1865 to September 1866. Although the Bureau's actions prevented wholesale starvation and untold suffering, the agency's rations-relief efforts were far less extensive than what Bureau officials had done during the same period in Alabama, North Carolina, South Carolina, and Virginia. Tillson's successors, Assistant Commissioners Caleb C. Sibley (January 1867–October 1868) and John R. Lewis

(October 1868–May 1869) continued to follow the policy of providing limited rations relief. During their tenures, rations were issued only in emergencies and for the most part to hospitals and asylums.³

The Georgia Bureau's policy of temporary relief for the needy also guided its approach in providing medical care and assistance for the destitute. Like its ration program, the Bureau viewed its responsibility as one of providing temporary medical relief, primarily in cases of extreme emergencies. The Bureau believed that the ultimate responsibility for providing medical care to those in need lay with Georgia civil authorities. J. W. Lawton, who served as surgeon-in-chief under General Tillson, saw the use of dispensaries as the best means of administering medical relief and the most effective approach to encourage civil officials to take on some of the cost for operating them. Lawton and his successor at various times maintained dispensaries at Albany, Americus, Brunswick, Columbus, Darien, Newton, St. Catherine's Island, St. Marys, and Stone Mountain. The Bureau's medical department also opened hospitals with the idea of eventually turning them over to state and local authorities. The Bureau maintained hospitals at Atlanta, Augusta, Columbus, Macon, and Savannah. At the height of its medical operations (1866–67), however, the agency employed just 13 physicians. Nonetheless, with its limited and over burdened medical staff, the Bureau treated more than 5,000 freedmen for various ailments and vaccinated some 20,000 freedmen and refugees against smallpox from September 1, 1865, through September 20, 1866. By September 1867, the number of freedmen treated by Bureau nearly tripled. At the end of June 1868, close to 17,000 freed men, women, and children received treatment. Despite the Bureau's efforts to treat the weak, the sick, and infirm, the mortality rate among freedmen remained high. By late 1868, most of the Bureau's medical activities ceased, and care for the destitute was turned over to local authorities.⁴

In Georgia, as in other states under the Bureau's jurisdiction, the regulation of written labor contracts between planters and freedmen was of paramount concern. General Tillson's order of October 3, 1865 (Circular Number 2), which restricted the issuing of rations only to those in need, also instructed his subordinates to "make immediate and vigorous efforts" to secure work for unemployed freedmen "where fair compensation and kind treatment will be secured to them." Upon arrival at his

post in early September 1865, Tillson found the labor system in Georgia in disarray. Able-bodied freedmen were being paid from \$2 to \$7 per month. Many were of the notion that the Federal Government was planning to distribute land to them at Christmas or New Year's, and thus large numbers of freedmen were refusing to sign labor contracts. Planters, on the other hand, were convinced that the Bureau was the "champion" of the freedmen and totally insensitive to their concerns about freedmen and their unwillingness to labor, and were thus making little effort to prepare for the planting season.⁵

On December 22, 1865, in an effort to remove "false and mistaken impressions" held by the both planters and freedmen, Tillson issued wage guidelines that both parties were expected to follow. Under the new rules, freedmen had the right to choose their own employers, but those freedmen who refused to sign contracts after January 10, 1866, "where employers offer good wages and kind treatment," had to accept contracts that the Bureau made for them. In upper and middle Georgia, where the land was poor and unsuited for raising large quantities of crops, Tillson instructed his officers to secure contracts paying men \$12-\$13 per month, and \$8-\$10 dollars per month for women. Freedmen were to provide for their own clothing and medicines. In other parts of the state and along the coast and southwestern Georgia, where "good crops" could be raised, men were to be paid \$15 per month, including board and lodging, and women \$10 per month. In areas where planters preferred to pay a share of the crop, the order required payment of "from one-third the gross to one half the net proceeds."⁶

Realizing that not all planters would comply with his new wage guidelines, Tillson instructed his subordinates to call on the military to enforce his orders whenever necessary. He was aware in spite of his orders, many of the contracts being signed, even some approved by his own agents, were substandard and not in compliance with his wage schedule. He made clear to both his agents and the planters that such contracts would not be recognized. To emphasize the importance of and his commitment to fair contracts and compensation for freedmen, Tillson offered transportation to freedmen to such areas as southwest Georgia and the Mississippi Valley where wages were higher. In a November 1866 report to Commissioner Howard, Tillson indicated that he had issued 381 orders for transportation for some 2,947 men and 1,013 children.⁷

Safeguarding rights and securing justice for freedmen was a major area of concern for the Freedmen's Bureau. Following the Civil War, several Southern states enacted a series of laws commonly known as "black codes," which restricted the rights and legal status of freedmen. Freedmen were often given harsh sentences for petty crimes and in some instances were unable to get their cases heard in state courts. In a circular issued by Commissioner Howard on May 30, 1865 (Circular Number 5), Assistant Commissioners were directed to "adjudicate, either themselves or through officers of their appointment, all difficulties arising between negroes themselves, or between negroes and whites or Indians." In response to Howard's circular, General Tillson issued an order on November 15, 1865 (Circular Number 4), instructing his officers to hear and make determinations in cases involving freedmen in which the disputed sum did not exceed \$50, or the punishment did not exceed \$50 or 30 days' imprisonment. Agents were also told that they could "try offences committed by or against freedmen, provided the sentence imposed does not exceed one hundred and fifty dollars or imprisonment for at hard labor for sixty days." Tillson further ordered that "It is preferred that all cases of any importance . . . whenever under the laws there of [the State of Georgia], or by agreement of the parties . . . [where] the testimony of Freedmen can be admitted . . . the Agent will turn them over to the civil authorities for trial." To carry out Tillson's orders, agents were to establish three-member tribunals (known as freedmen's courts) consisting of a Bureau official and two citizens, one chosen by each party involved in the case.⁸

However, when the Georgia State Legislature passed an act conferring civil rights on "persons of color," approved March 17, 1866, Tillson advised his officers on April 6 (Circular Number 4) that they were no longer required to comply with Commissioner Howard's orders of May 30, 1865. While Tillson told his agents that they were to continue to follow instructions issued by him on November 6, 1865 (Circular Number 4), "all cases exceeding their jurisdiction, unless otherwise specially directed by the Department Commander, [were to] be turned over to the civil authorities of the State for adjudication." Despite the Bureau's efforts to secure justice and civil rights for freedmen in Georgia, blacks continued to complain to the agency about some of the "most fiendish and diabolical outrages" suffered by them at the hands of gangs known as "Regulators," "Jayhawkers," and the "Black-horse cavalry." Perpetrators of crimes against freedmen were often not apprehended or prosecuted by civil authorities. At various times, because of increased hostilities toward freedmen and the failure of civil authorities to take action in their cases, Bureau officials in Georgia were compelled to reassert their authority.⁹

Bureau educational activity began in Georgia in October 1865, when G. L. Eberhart was appointed as superintendent of schools (later education). In August 1867, Edward A. Ware succeeded Eberhart. In January 1869, Assistant Commissioner Maj. John R. Lewis assumed the duties of superintendent of education. Lewis served

in both capacities until May 1869, when the office of Assistant Commissioner was discontinued, and remained as superintendent education until May 1870. The records of the two offices were not combined. Ware, who had been acting as assistant superintendent, remained in Georgia as acting superintendent until August 1870, when all Bureau officers except the claims agents were withdrawn from the state.

Congress's failure to provide an appropriation for the Freedmen's Bureau during its first year of operation, impacted significantly on the agency's ability to provide adequate assistance for freedmen education. With limited financial resources, the Bureau provided help when it could, and worked vigorously to encourage freedmen and Northern benevolent societies to take on the primary responsibility for providing support for black schools. G. L. Eberhart and his successors were of the opinion that "colored people who are unwilling to help educate their children do not deserve to have schools." To encourage freedmen to participate in this self-support effort, Eberhart urged them to establish educational associations. With assistance from local Bureau agents, educational associations were established in the subdistricts of Thomasville, Bainbridge, Albany, Georgetown, Cuthbert, and Americus. In early 1866, the "pay your own way" policy led to the founding of the Georgia Educational Association (initially organized as the Georgia Equal Rights Association). The Educational Association worked closely with the Bureau and Northern aid societies and became the model "to encourage the people [freedmen] to organized effort in supporting their own schools & managing their own affairs." By the end of 1866, freedmen owned 57 schoolhouses and provided support for 96 of the 127 schools in the state. By the spring of 1867, freedmen contributions sustained some 104 schools and teachers and more than 3,000 students. During the same period, the Bureau maintained some 44 schools and 50 teachers and close to 3,100 pupils. Northern aid societies provided support for 84 schools, 78 teachers, and over 7,000 students. Freedmen also defrayed the expenses for 45 schools under the control of the Bureau and the aid societies.¹⁰

With the passage of the Army Appropriations Act on July 13, 1866 (14 Stat. 90), the Bureau received its first appropriation and was able to provide greater assistance in its effort to support freedmen education. In addition to providing some \$21,000 for state superintendents' salaries, the Act made available \$500,000 more for the rent and repair of school buildings. In the same month, Congress overrode President Andrew Johnson's veto and extended the life of the Bureau for 2 years. In this new legislation (14 Stat. 173), the Bureau was allowed to "seize, hold, use, lease, or sell" Confederate property for the purpose of educating freedmen. The act also required the Bureau to work closely with benevolent groups and to lease buildings to those associations that supplied teachers. By early July 1869, the Bureau had expended nearly \$105,000 for the construction and repair of school buildings that provided accommodations for 4,690 students. The Bureau spent an additional \$10,471 for the

repair of buildings that provided part-time space for more than 3,500 pupils. By the time the Bureau withdrew from Georgia in 1870, the agency had contributed funds for the building of some 50 schools in the state.¹¹

RECORDS DESCRIPTION

These records consist of volumes and unbound records. The volumes reproduced in this microfilm publication were originally arranged by type of record and thereunder by volume number. No numbers were assigned to series consisting of single volumes. Years later, all volumes were arbitrarily assigned numbers by the Adjutant General's Office (AGO) of the War Department after the records came into its custody. In this microfilm publication, AGO numbers are shown in parentheses to aid in identifying the volumes. The National Archives assigned the volume numbers that are not in parentheses. In some volumes, particularly in indexes and alphabetical headings of registers, there are blank numbered pages that have not been filmed.

The volumes consist of letters and endorsements sent and received, press copies of letters sent, registers of letters received, letters and orders received, special orders and circulars issued, registers of complaints, and monthly reports forwarded to the Assistant Commissioner. The unbound documents consist of letters and orders received, unregistered letters and narrative reports received, special orders and circulars issued, general orders and circulars received, monthly reports, and records relating to complaints, labor contracts, patients, and court papers.

LIST OF BOOK RECORDS OF OFFICERS

The single-volume list of book records of officers in Georgia (no date) is arranged by office, with records of the Assistant Commissioner first, followed alphabetically by locations of the subdistrict offices. Included in the list of book records are the type of record in each book or volume, the dates of the volume, and the volume number. Throughout this introductory material and in the Table of Contents, the AGO volume number appears in parentheses in the series descriptions of the records.

I send per express receipted
roll of Attendants of this Hospital.

I return money for Clement Philips and
Julius Cammons, whom I stated in my remarks
were reported through Major Smith's office. I also
return money for Martha Darg, Hercules Middleton,
and Henry Clark. The two former having died
and the latter deserting employment.

P.S. The names of both J. Barnswell and Jacob Moore were
placed on the roll that I made out, but as you say
Barnswell none did not appear, and you did
not put Moore's name on the rolls, that both
were left off by the person who copied my
return. Moore is in jail waiting his trial for

breaking into the Clerk's Office and stealing two
trunks. Should he be convicted I do not think he
ought to be paid, but if not I suppose he will
claim pay for August. Please let me know how
I shall proceed to get it.

I forward to you this day my receipt Roll of Rations issued in August, also Form No. 2 filled as I understand directions in your Circular, dated Augusta, Ga. August 3rd 1866.

The marks were omitted on Receipt Rolls, as I was authorized by parties drawing to sign for them in presence of the witnesses, finding it impossible otherwise to return to you a decent Roll.

In future please direct all communications by mail to me at Canton, Express packages to Marietta. In case Capt. J. P. Daniels, as Canton is 20 miles from the Rail Road, much inconvenience arises by sending papers to different offices.

Sir,

I have the honor to enquire
of you for information, con-
cerning the affair of my having
been robbed here of my trunk
with all my clothing by per-
sons who have been employed
at the Hospital as guards.

My wife having died here of
the cholera on the second day
of September, she was buried
on the third, and on the night
of the same day of her funeral
my trunk was stolen, carried
to an adjoining swamp, broken

open, and all my Effects, together
with my wife's watch & chain, a
valuable diamond ring, a plain
heavy wedding ring, & several
other rings, bracelets, and many
little things of great value to
me. The men were caught, and
one of them when taken was dressed
in an entire suit of my clothing. They
have had a trial before the County
Court & Jacob Morris, a juror,
and George McDowell a former patient
has found guilty, and sentenced
to the chain gang for six months.
Now, what I want to enquire is, if
I am not entitled to Jacob Morris pay
for the month of August, they have
taken from me one thousand dollars
worth of article that I have not received
and Dr. Lawrence & Augusta think I am
just entitled to it. Please inform me.

Very Respectfully

Up to the present date I have not heard a word from it. Some of the parties to whom we are indebted for services rendered during the above mentioned month. reside in the Country and are very much in need of the money which is justly due them. There are also persons here who ask me every day for their money. Thinking my Report had been misplaced or overlooked in some way I have taken the liberty to address you this note. In answer to your letter dated 11th
I have the honor to say - that all my requisition
for forage have been made before ^{the} 15th ^{inst.} monthly so that
that the first of each month the forage could
be in my possession - if the officers of the regt
G M. H. had the forage on hand or understood
order - the fact they did not. The wanting forage
is for July, as the requisition was made in May
the same filled ⁱⁿ July. The Officer took it up on
his papers in July and of course don't know any
thing about it, that is when officers are changed
every month and like Capt Lockman don't know
they're business. From your office I don't want
anything this month.

I beg leave most respectfully to state that about the 16th of August last I as administrator on the Estate of Wm Barnes deceased rented the house and lot in this City belonging to said Estate to St. Botcher then as J. M. at this place for one hundred dollars per month with the understanding that he would keep the place in good repair and with the promise that when relieved he would give me possession of the property. St. B was relieved in September last and Capt. Coverdale his successor took possession of the property until he was relieved. Capt. Coverdale paid me one hundred and Eighteen dollars rent for the months of August and September. Capt. Coverdale was relieved and turned over the property to Capt. Farnum his successor who has failed to pay me any rent. The property has been and is still being used by the Friedman, Bassett and I can neither get rent nor the possession of the property and I now appeal to you for justice in behalf of the widow Mrs Barnes. The house has eight rooms, kitchen and

out-houses and was in good order when
taken possession of by the Military authorities
but it has been greatly damaged. I beg to
enclose a letter from Genl Smith C. I. M.
on the subject for your consideration and
hope you may find it consistent with
justice to order the payment of the rent
due and the possession of the property
restored to Mrs Barnes. The amount of
rent due at \$800 per month from 1st of Oct.
to 1st of May is five hundred and sixty dollars.
St. English I. M. here at this time advised
me to address you on the subject and I do so
feeling confident that your known sense
of justice will prompt you to have the
matter attended to at your earliest con-
venience. The property is valuable and the
widow of Mr Barnes is needing it. It will
take nearly one thousand dollars to repair
damages done to the property since it was
taken possession of by the Military authorities.
Hoping for an early reply and with great
consideration. I am General

Sir

We are requested by
Mr James E Gullatt of this City to ask
your consideration of the enclosed
papers in regard to the occupation
by the Military Authority of a house
and lot in this place belonging to
The Estate of William Barnes deceased
and now the property of his widow.

Mr Gullatt is the administrator on
the estate of Barnes and informs us
that the said house, out houses and
lot, have been in the use and occupancy
of the agents of the Freedmans Bureau
since the first of January last,
and is now occupied and used
by Major John Leonard and Mr J. S. Penning
agents of the Bureau, that he has
applied for the payment of rent but
has not as yet received any, that the
property has been greatly damaged,
that the lot has on it a dwelling
house containing eight rooms
besides out houses, and that the

widow during all this time has been
deprived of her house. He has
frequently requested payment of
rent or that the house may be vacated
but to no purpose. He has applied
to us for legal advice and we now
write you believing that it is only
necessary to call your attention to this
matter and that you will have the
rents paid or the house and
premises vacated. Please return

Wm. W. Phelps

It would seem as if my
troubles would never end in regard to the
Gov. property which I purchased from you
Mr. J. W. Phelps made application to the
President Johnson on the 14th August¹⁸⁶⁶ that
the property might be turned over to him
for several reasons. But he made a mis-
statement in every particular. He states
that it was Southern States property when
he made the application. But he knew
perfectly well that I had purchased it &
the difficulty I had about it. He claims
it as his in a private property and on the
ground that he took no part in the war &
that he was obliged to sell it by a Confederate
officer for \$7000. in Confederate money which
money he intimates was worth \$1000 to him
It was not his individual property as

the news show. But it belonged to
the firm, Russell & Peters. Mr.
Russell did not believe go into the
war ^{as he feared to be over age} but his partner Mr. Peters was
one of the first to enter the Confederate
service. I was surrounded at the first battle
of Manassas. And it is all humming
about being found to sell & to the
Confederate army. I have heard Mr.
Russell express himself well pleased
with the sale as they bought more
land with the money better situated
and acquiring their premises. By the
way they got \$7500- for their land
instead of \$7000 as he states. The firm
are manufacturers of Sugar Beans and
are in prosperous circumstances. Mr. Russell
has told me that his wife would
support him. The application was turned
over by the president to the City of the Treasury
and by her to Genl. Hornum, by Genl. H.

to Genl. Sherman. and by Genl. H. to
Capt. Hill for his investigation and
report. I don't know if you have
the papers. I made a statement
of the facts to Capt. Hill and
I should think that his report
would settle this thing in the
head. Soon after I got ^{some} title to
the land I went to Genl. Crofton
and he said that my title was
perfect and that I was perfectly
safe in making any improvements.
I wished to see the premises. I have
spent nearly \$10,000. for making
plans in the main building. in
completing the building grading the
grounds, &c. &c. Besides all the trouble
which I had in clearing the place &c.

Augusta, Ga. Sept 29th 1866.

Major. I have the honor to report that during my inspection just finished, I had a conversation with Dr. Westmonland, Dean of Faculty of Medical College, Atlanta, to the effect that two large rooms of the College should be rented to the Bureau for the use of a Hospital for Freedmen, upon pay ment of seventy five (75) dollars per month. As many will be sick & without shelter the coming winter, and the city of Atlanta is unable to do any thing for the suffering Freedmen, while the room at present is wholly insufficient, I would strongly recommend that Major Leonard, A.S.A. Comd at Atlanta be authorized to rent the two rooms as agreed between Dr. Westmonland, & myself, and such rates not exceeding seventy five dollars, as may be agreed upon, for the use of a Freedmen's Hospital during the winter.

Very Respectfully,

OFFICE ASSISTANT COMMISSIONER, STATE OF GEORGIA,

Augusta, Ga., Sept. 24th 1866

General,

I have the honor to report that there are at Macon, eighteen buildings the property of this Bureau, two of which are two stories and the balance one story - they are rough frame structures, one of which has a small quantity of damaged machinery in it.

The property was originally put up on the land of Mr M. S. Thomson, by the Confederate Govt as a bakery establishment.

Some time since I was authorized to offer a portion of this property for sale, together with some other in various portions of the State, but receiving no bids that were deemed sufficient it was not sold.

A portion of the buildings are in use as a Freedmens Hospital, the balance are unoccupied.

Mr Thomson the owner of the land on which the buildings stand, and who is engaged in manufacturing business adjacent thereto, now makes an offer of \$2250. - for all the property,

Owing to my absence from the

furnishing Quartermaster's Stores to Maj. Semmes was not
received until today. I much regret, Major, that
as at present advised it will be impossible to comply
with your request. That it would afford me much
pleasure to do so you cannot doubt, but according
to my construction of provision of General Order No.
65. Quartermaster's General's Office dated Washington
D. C. Aug. 11. 1866. I shall have difficulty in
getting allowed the issues already made to the Bureau
since July 1st ultimo, in excess of the Regulation
allowance of Maj. Semmes. As I understand the
order he is entitled to draw quantities of fuel, straw and
stationery from me when not supplied by the Bureau,
but as he is not entitled to a base the whole amount
of goods issued is improperly so, as G. O. No. 65

Will you be so kind to instruct me what to do in the following case. I have an ambulance, and two Mules for the service of the Ref. & Friend Hospital, the Small Pox Hospital, hauling the provisions for the Contraband Camp, for the use of the Ladies of the Benevolent Society, who several times a month go to ~~the~~ distribute clothes and comforts to

Dear Sir:

Your note of inquiry reached me this hour, and in reply, I have several times been asked to sell the horse, now in my possession, and think it would sell readily for one hundred dollars. It is a very good little animal. Unless I am ordered differently I will leave her as you direct. - The clothing also I will turn over to Capt. Crabtree, and bring you his receipt. With regard to my pay and the closing of matters, I shall probably see you either in Savannah or Augusta, when all can be settled. I fear if you send it to Brunswick, near the end of the month that I may leave before it reaches me. I am informed by the general that he expects to move his Head Qrs to Savannah the first of next month, and I presume you will be there. If not I will see you in Augusta, as I am going home by land.

Your letter of the 3^d
inst. enclosing copies of letters from
Capt. Reynolds and Hunter Sammons of
Savannah is received.

I have to state in regard to the boxes
which I am shipping, that they are as
strongly made & mailed as can be done
and that in addition, every box except
a few which were shipped on the first
morning are strongly bound with
hoop iron.

The Supt. who goes with my two teams
complains to me that the drays and even
the wagons, dump the boxes from the
wagons & drays to the ground without any
lifting at the depot. The contents of the
boxes are heavy and the packing boxes
can not be made strong enough

to bear such treatment.

I have taken measures to have
those at Lawrence repaired.

would amount to more than it could be expected

Bureau Refugees, Freedmen and Abandoned Lands,
CHATTANOOGA SUB-DISTRICT.

Chief Superintendent's Office,

Chattanooga, Tenn., October 30th 1866

Sub Maj Genl Davis Tillson
Asst. Comd State of Georgia,
Augusta Georgia

On the 20th day of August, Capt. A. B. Lucas, at that time Superintendent, S. R. H. S. for Hamilton County Tennessee, leased a tract of land containing 360 acres - 75 acres cleared - formerly owned and abandoned by one C. W. Glend, of Caloosa County Geo. to James H. Maccum and H. H. Mundock for the year 1866. This property lies near the line between Tennessee and Georgia, and was evidently leased under the impression that it was in this State. The lease expires Dec 25th 1866.

Maccum and Mundock wish to lease the property for another year, and are desirous of securing what this fall on a portion of the land. Mr. Maccum informs me that there is a man named G. H. Lanyon at Ringgold who claims to be an agent or Superintendent of Bureau affairs for Caloosa County, but claims that he is

not authorized to lease the land in question,
and requested me to ascertain from you who
- if any one - was authorized to make a lease
to them.

The former owner C. A. Cloud is
charged with having been the leader of the
gang of Guerrillas who hung John M. Dyer
& Wesley R. Gomenick two Union Men some-
time in 1863; and he has never returned
to that section since the close of the war.

I am informed that Cloud is the owner
of other lands in Catoosa County amounting
to some 1000 acres. Mr. Mason will be
here again on Monday next. An answer is
respectfully requested by that time if convenient,
so that he may know whether or not he will
have the place the ensuing year, as it is getting
very late to sow wheat.

I have the honor to be Sir,

Very Respectfully

Your personal accompanying your kind favor of 26th inst has, had my attention. I labored under the impression, up to its receipt, that there was no difficulty as to my occupying the land in question. This I rec^d from Genl Tilton on two or three occasions, and upon the grounds, that, the lease having expired, the Dept had no further claims upon it. — If I am in error about the matter, I will thank you to correct me, and put me in a way to remove it beyond question or dispute.

I have the honor to call your attention to the fact that no instructions have yet reached me in relation to fuel for the freedmen's Hospital for the present month. The Hospital was entirely out of fuel yesterday. I was compelled under the circumstances to purchase three cords of wood to keep them going until I could hear from you, be pleased to inform me how wood is to be obtained for the Hospital in future. In my opinion it would be much better and cheaper to make a contract with some person to supply the Hospital with wood.

Lieut Barker informs me that you refuse to receipt to him for (14) fourteen cords of wood which I received from him last month. Mr Benton has therefore presented

Me with a bill for the amount of wood which I received from Lieut Barber deducting the allowance for my self off.

Shall I purchase the amount of wood which the Hospital is entitled too from time to time or make a contract for — cords of wood per month be pleased to instruct me in this matter.

We have no harness for the mules and I am compelled to hire teams to do the hauling. Can you not send me two (2) sets of wheel harness, it will soon cost the price of a set of harness to pay for teams.

Sir

Your com^m of the 26th inst. has been rec^d
Your letter is the first intimation that I recollect
of any desire on your part to obtain copies of deeds
of all property held by the Confederate Government
in Richmond County.

You did not enumerate the parties from whom the
property was desired.

The books in this Office are indexed to show only
in alphabetical order, the names of the Grantors.
It will be therefore necessary to examine the index
through every letter, of every Book of Record from
1861 to the close of the war, in order to find out
the persons who transferred property to the
Confederate States.

This examination will probably take more time
than you calculated on. But the search will
be made and the copies you desire forwarded
as early as practicable.

Very Respectfully

Your obedient Servant.

approved July 17, 1862.

That, from and after the passage of this act, any officer or agent of the United States who shall receive public money which he is not authorized to retain as salary, pay, or emolument, shall render his accounts monthly instead of quarterly, as heretofore; and such accounts, with the vouchers necessary to the correct and prompt settlement thereof, shall be rendered direct to the proper accounting officer of the Treasury, and be mailed or otherwise forwarded to its proper address within ten days after the expiration of each successive month. And in case of the non-receipt at the Treasury of any accounts within a reasonable and proper time thereafter, the officer whose accounts are in default shall be required to furnish satisfactory evidence of having complied with the provisions of this act; and for any default on his part the delinquent officer shall be deemed a defaulter, and be subject to all the penalties prescribed by the sixteenth section of the act of August sixth, eighteen hundred and forty-six, "to provide for the better organization of the Treasury, and for the collection, safe-keeping, transfer, and disbursement of the public revenue." *Provided*, That the Secretary of the Treasury may, if in his opinion the circumstances of the case justify and require it, extend the time hereinbefore prescribed for the rendition of accounts: *And provided further*, That nothing herein contained shall be construed to restrain the heads of any of the departments from requiring such other returns or reports from the officer or agent subject to the control of such heads of departments as the public interest may require.

In relation to the buildings.

Those I think best to keep from the returns are one in
the yard of the college building 15 x 30 and one 15 by 114
the one in the yard they wish to use for ~~the~~ the teacher
and would not be worth any thing or very little
the other two mentioned in the report as ~~belonging~~
inside and turned over to the school directors
by a previous order I should recommend kept
on the ground for the use of the school as they wish
to increase it and desire the buildings. The worth
of them to the fort is small and they will be
put to a good use. Please let me know
your views in the matter.

I have been looking at the property at the
armory claimed by the Ordnance Dept but
I think belonging of right to the Bureau, but
I do not like the situation for a hospital as

as it is too near the present Small Pox House
I have been speaking to the City Authorities
and I am certain almost that they will
find a place for the Hospital

I have the honor to report
that Plenty Charles & Thomas Nixon in connection
with David Town Freedmen of this place estimate
that it will cost to take down and put up
the small buildings containing 4000 feet of stuff
10\$ and the large buildings containing 11850
feet of lumber 300\$. Town will move them for
2\$ per thousand feet, or they will work for 3\$ per
day and the sanders from 1 1/2 to 2\$ per day -
doing it at these prices it will cost to move the
necessary number of buildings a little over \$2,000
I think the estimate low.

In regard to the land I have not yet heard
from the city but I have no doubt they will
furnish the ground if not there can be plenty
of land obtained for lease of 5 years or so by allowing
the buildings to remain upon it when done with

for the purposes mentioned

Dear Sir

You will please find herewith enclosed the sum of fifteen Dollars, the amount in full, of fines collected by me as Agent of the Bureau. You will also please find enclosed, a Bill which I respectfully submit for the consideration of the Asst. Commr.

The freed boy Bob mentioned in my bill was about 12 years old a poor waif without a Home or Parents. Had just walked all the way from Alabama to find his parents, who formerly lived in this Co. but last Christmas went off no one could tell where. This boy was knocking about town quite sick, and the people told him to go to the Bureau, in place of coming to my office he went to my home, and lay down in the kitchen, he was so sick I could not order him off. I called in a Physician who visited him several times, and after suffering for about one month he died, all of this expense & trouble I had to bear because I was Agent of the Bureau, and many other instances of this kind, but not quite so serious, every miserable object that came along, was always sent to me. The woman Amanda & six children I wrote to Gen. Tilton about. She had one very sick child, since dead, and she could not get away, I rented a house for her and had to furnish her & children provisions, & the sick child medicine. The other woman Wilby, was in very bad Health and I got the Doctor to attend to her the other woman was a poor stranger from Oglethorpe Co. with six children on her way to Augusta to find her Husband, and I gave her a dollar to buy some meal there are many other little instances when I rendered assistance but made no charge of. Hoping my acct. may meet the favorable consideration of Gen. Tilton

Captain.

Enclosed you will find an order to proceed to Ringgold. It is for the purpose of making an investigation concerning certain lands in Oconee County said to be abandoned.

The accompanying papers show all the facts we have in relation to them.

If you find it as represented, you are authorized to lease the property, as in your judgment may be for the best interests of the Government, drawn up in form similar to the old lease making the rent payable in advance to the Asst. Commissioner of Georgia. You will also if possible collect the \$5 still due.

The accompanying papers to be returned to me after investigation, except the copy of lease which belongs to the parties on the land, which you can return

to them.

Major

I have the
honour to acknowledge receipt of yours of
the 6th inst - in reference to the not
having received my report of persons
hired here during the month of December
past - I assure you, Major, the
report was regularly mailed on the last
day of December - but its non arrival
does not now surprise me as nearly
all my reports have either been very
much delayed or totally miscarried
during the past month - neglect in
the post office or fraud on the route
must exist. and I therefore request
you in transmitting to do so
with a check to my order —

As well as I recollect you have
always transmitted funds in this
manner, but I wish to remind you
of my doubts as to the reliability
of the mail lest you might
send bills enclosed —

The A. A. G. M. declines paying this 25 per cent additional, as in the Circular Letter from the Commissioner dated August 1st 1867, the pay of Act. Asst Surgeons is laid down at \$100⁰⁰ per month. As this is an exceptional case, and the grant was made under circumstances which still exist, I would respectfully recommend that the 25 per cent additional compensation be continued to Dr Dalton.

Men Everhart
Dear Sir

We the colored people of Hayette county having
done all in our power to Establish a church and
School in this county of Hayette in the vicinity of
Plains Mill have only been able to raise one hundred
& fifty dollars we the building committee after
consulting together do not intend to let our cause fall
to the ground have come to the conclusion that we
would call ^{on} you as the agent for Schools & churches in
this State to assist us in our undertaking as we are poor
and unable to raise the money to build our church
we have our lumber the most of it but cannot move
further without money we can start a school of (30)
Schollars and I think probaly one hundreed if
we could get the nessary assistance or I would say
if we could get \$1.50 on (\$2.00) dollars you have
a knowledge of our condition and what kind of
a year we are passing through the most of us have gone
indebt for the Support of our Family true we have

a ~~good~~ good prospect for a crop but it don't relieve
our wants at this time you will therefore see
at once ^{see} our condition and if in your power help
us and put us in a condition that we may start
our school without delay

very Respectfully yours

In answer to your inquiry for invoices for
freight for and on the month of January 1868.
I would most respectfully state that I have a
quantity of same on hand, but did not check them off
with the statements made to you in the of January. But
enclose you are I have on hand, as you can see
those referred. They very seldom compare with the freight
received from the U. S. on our bills of lading. I would
have the freight arrived long after the invoice arrived.
I am fairly well supplied and forward them to you.

General

I have the honor to transmit herewith receipted vouchers for expenses incurred in visiting Emanuel Co. (near Summerville) to investigate cause of complaint of certain freedmen against one Mrs Tapley (white) who refused to pay them alleging they were stealing hogs and cattle from the neighbors. I notified Mrs Tapley that unless civil proceedings were instituted against the freedmen he could not retain their pay. He preferred to pay them rather than be the prosecutor on behalf of their neighbors

ony of Freedmen at Elliotts Bluff Ga &
Bureau R. F. & A.L. to pay to said Bureau
\$104.00 on the 1st day of January 1868 for rations
furnished them. They have paid \$5.00
on the 1st day of 1867 & still owe \$48.00 but as
a part of the rations received by them were
for gratuitous distributions & as they are
working hard & under great difficulty to
pay for their land & in consequence of the poor
crops last year they cannot pay both &
Agt North recommends that the debt to the
Bureau be cancelled. The Agt Comm approves
of this recommendation.

with the information that
the Colony consists of ten
families (30 2nd 4th)
June 1st 1868 to Elliott
Bluff Camden Co. Ga. to

30th of Dec 1866, when
land purchased about 700
acres of land of Capt. L. L. L.
for 15th. 3rd down, balance
in one year. Some of the
men work and one of them
has lost his hand by an acci-
dent at the saw mill. Three
of the men worked at St. Mary
Island at 20th per month to
earn money to assist in
paying for land, and are doing
the same this year to assist
the vagrants. (15th down) Their
families remain and work
with the Colony. Last year
they cleared about 100 acres
and cleared & planted 25
acres. As they had no stock
all was in the hand. The
crop was light being about
150 bush. corn 4000 lbs for

der, 175 bush potatoes and
10 bu. Peas. They plant
about 40 acres this season.
Crop looks fair and they
will raise provisions suffi-
cient to supply them com-
ably this year. All work
done by hand and the result
of hard labor. They intend
this year to put more land
under fence & to raise some
stock which they have not been
able yet to do. They have paid
\$56.80 on the lien of 67 and own
48th. The records of this year
show that of the 443rd of Bluff
mentioned in the lien, 186th was
forwarded by St. Mary with the
corn, the balance was from
sales sent to Camden Co. for grati-
tous distribution. In consideration
of the above facts I would recom-
mend that no further collection be
made but that the money be used
by them toward buying stock with
which to work their land.
